

Thermometer Adapter – Solution

Thermometer Adapter – Solution (Ctd.)

```
public class ThermoAdapter implements ThermoInterface {  
  
    private FahrenheitThermo thermo;  
  
    public ThermoAdapter() {  
        thermo = new FahrenheitThermo();  
    }  
  
    public double getTempC() {  
        return (thermo.getTemp() - 32.0) * (5.0/9.0);  
    }  
}
```
